Vacancy: Commodity Trader

Date: 1 June 2020

Our client in the Trading Industry is seeking three Commodity Traders to join their team!

An International Trading Firm is starting up a new business unit in South Africa and is seeking dynamic traders to join their team. The company is based in Somerset West and trades in various commodities, including Fruit and Veg, Meat products as well as Grains. The successful candidates will be responsible for the procurement and trade of the respective commodities locally and internationally, ensuring the effectiveness and profitability thereof.

Specific duties will include:

- Identifying opportunities to build the client base and pursue grower/supplier opportunities;
- Stay abreast of all developments influencing local and international market trends impacting the division including monitoring supply and demand;
- Negotiate, conclude and execute transactions adhering to the trade mandate;
- Importing and exporting of commodities; and
- Building and maintaining relationships with clients and key market players.

Our key requirements include:

- Tertiary qualification in Finance, Risk Management, Economics, Agricultural Economics or related fields;
- 2-3 years' experience in a similar position; and
- Relationships with suppliers and key market players will be advantageous.

If you are a driven individual seeking to grow in your career, then this position is for you!

Applications close 30 September 2020, Submit your CV to infodna@crowe.za.com
